Please join us for a presentation by Itamar Marcus, director of Palestinian Media Watch (PMW), which monitors messaging from the Palestinian leadership to its people via media, school textbooks and cultural activities.

Mr. Marcus will discuss how PA messaging tragically convinces even good people to support terror, and the steps PMW is taking to expose and combat it. For more information on PMW, go to www.palwatch.org.

Doors will open at 7:15 pm.

Light refreshments will be served.
